

EYE LID STEP LIGHT

FEATURES:

- Surface mounted steplight
- Throwing light out at an angle rather than straight down means more light is projected away from the wall rather than down it resulting in more light on the pathway.
- IP66
- 12V - 50VA to 400VA, remote waterproof ferromagnetic transformer
- Ideal for commercial and residential applications: stair & orientation lighting

COLOURS:

- Matt Black
- Natural Brass
