

ROUND RECESSED

FEATURES: The Round Recessed luminaires are designed to be mounted either in the ground/floor as low profile uplighters, or in walls or steps to illuminate paths and stairways. Also available in a larger format flange style to better cover oversized holes or canisters.

- Replaceable LED boards
- 50mm diameter mounting canister available

COLOURS:		Black	-BL
		Copper	-COP
		Stainless Steel	-SS

- DRIVER:**
- HUN 1050 constant current
 - Remote driver
 - Built-in step down mA 350, 500 and 700
 - Runs up to 11 fittings in series
